I am very happy that KPAF Hyderabad is launching its international magazine on kp astrology under the leadership of Sri Rajendra Nimje, IAS..

In the inaugural issue it is appropriate to highlight favourable houses and cusp lords for bestowing long life (deerghaayuhu) and good health.

As per kp system a correct birth time is inevitable for arriving at right cuspal sublords for accurate prediction.

For long life ascendant cuspal sublord should connect to houses 1,3,5,9 &10 without connecting to Maraka & Bhadhaka houses. Longevity is determined by 1st, 8th & 3rd cusps, 1st cusp is the native 8th cusp ayusthaana, 8th to 8th is 3rd which is a supporting houses for longevity. The vyayasthaanas for 8th & 3rd becomes negative which is defined as Maraka Houses i.e. 7th & 2nd.

For Ascendants of Moveable signs 11th, Fixed signs 9th and Dual signs 7th is Bhadhaka house which is detrimental to longevity. Any connection to Maraka and Bhadhaka house would reduces the longevity.

However if any of the Maraka or Bhadhaka is in 12th bhava from their house reduces the propensity of the evilness of the planet.

For fixed signs 9th is a Bhadhaka lord but being a bhagyasthana apart from ownership of another Kendra/Kona house and as friend of Lagnesh reduces its evil propensity. In case of Taurus -Saturn lord of 9th & 10th is also Yogakaraka for this lagna. For Leo -Mars lord of 9th & 4th is also favourable. For Scorpions Moon is 9th lord, if it is waxing it is favourable. For Aquarians Venus lord of 9th & 4th is favourable. If the 9th lord in the above cases gets signification of Maraka houses then only they are negative to longevity.

Moveable Asc. 1,3,5,9 &10 is favourable.

Fixed Asc. 1,3,5,10 &11 is favourable.

Dual Asc. 1,3,5,9 &11 is favourable.

Apart from long longevity, good health is also a gift for which the 1st cuspal sublord should be connected to 1st, 5th or the 11th, and not to 6th (disease and sickness), the 8th (danger to life), or the 12th (hospitalisation).

If the 1st cuspal sublord signifies Maraka houses 2 & 7 along with Bhadhaka house indicates short life span. If 1st cuspal sublord signifies 1,5, 10 or 9 not connected to Bhadhaka and Maraka houses gives long life. Medium life is promised if lagna sublord connects apart from the above houses to 6, 8 & 12 along with Marakasthana.

Chart 1 is a Senior IAS officer, retired as Cabinet Secretary. Being Simha lagna with Lagna Sun along with Mercury & Venus in his own star very strong representative of Lagna. 1st cuspal sublord is Mars who is lord of 4 & 9 in Sun's star signifying 1, 4 & 5. 3rd cuspal sublord is Sun who is in his own star representing 1st house in close conjunction with Venus signifying 1&10, 8th cuspal sublord is Ayukarka Saturn who is in Kethu star 9th house and aspect of Mars from 5th hence a connection to 9th which is a Bhadhaka reduces some longevity before completing Purnaayu of 99 years. Now is having good health and longevity becaz strong Lagna lord Sun in own house and star. He enjoyed name, fame and reputation during his tenure of office and had many credits to his account.
